

BE YOU

Experience American high school as an individual. ICS accepts very few international students. With faculty to student ratio of 10:1, teachers know your name and are prepared to help you learn. The beginning of the year overnight camping trip and many other student activities throughout the year create friendships with your American classmates.

ICS
INTERNATIONAL
STUDENT
PROGRAM

BE YOU.
BE KNOWN.
BE SUCCESSFUL.
BE INVOLVED.

BE KNOWN

From the moment you arrive, you are part of a safe and encouraging community. You are met at the airport by our ICS staff and your

homestay family. Homestay families are part of the ICS community, well-known and carefully screened. They become your second family as you experience American culture.

Utah is known for its gorgeous and active outdoor life and is ranked as one of the safest states in the United States. Residents enjoy hiking, mountain biking, skiing and visiting the five, world-famous national parks.

BE SUCCESSFUL

ICS students score 5 or more points higher than the U.S. average on college entrance exams. Seventy percent of our teachers have advanced degrees. Our graduates attend prestigious colleges such as Dartmouth College, University of Utah, Pepperdine University and New York University.

PATHWAY TO GRADUATION AND BEYOND

The ICS Academic Counselor helps you choose your classes for every year you attend ICS until graduation. The International Program Coordinator supports you for success in all of your classes. Twelfth grade classes guide you as you apply to the colleges of your choice, as well as prepare you for tests, including TOEFL and SAT.

BE INVOLVED

Have a true American high school experience in an environment where you can explore your interests. From music, and art, to athletics and speech and debate, ICS has a place for you.

ATHLETICS

Our athletic programs include volleyball, baseball, basketball, soccer, golf and cross-country. Coaches help to develop athletes spiritually, physically, emotionally, intellectually and socially.

CO-CURRICULARS

At ICS, we acknowledge that because God is creative, He desires for us to be creative as well. ICS equips its students to cultivate their interests through multiple avenues, all integrating a biblical worldview. These avenues include, but are not limited to, speech and debate; music in the form of concert band, jazz band, chapel band, hand bell choirs and vocal ensembles; theatre; and the visual arts, such as painting, ceramics and photography. Computer science and coding classes are also offered.
